PF-3 Print Factory®

All-new from Microboards comes the industrial PF-3 Print Factory®—the low-cost, fast way to print CDs, DVDs, Blu-ray, and HD-DVD discs automatically.

Connecting to your computer with a single USB cable, the PF-3 features a low-cost, full-color, full-coverage printing solution. Using HP printing innovations, the PF-3 produces amazingly high-quality, professional discs with the highest resolution (4800 x 1200 dpi) on the market. The PF-3 also boasts the fastest print engine, producing text/graphics discs in less than twenty seconds. Its 100-disc capacity allows for 100% unattended printing. Included with the PF-3 is SureThing label design software (Windows 2000 & Windows XP). For maximum productivity, up to five PF-3 Print Factory® can be connected to a single computer!

Print Speed Specifications:

Speed depends upon percentage of coverage and print mode selected.

Photo
