One of the most common reasons customers purchase from USDM is our low prices. Our prices are and will remain among the lowest in the industry on all Digital Media Products and services. We are able to keep our prices the lowest in the industry due to our low rate of fraud. While the internet industry as a whole is facing double digit growth in losses due to fraud, our losses are actually declining. We realize that some of the processes we use to prevent fraud, such as this Credit Card Authorization Form, can be a bit time consuming, but it is our hope that the tremendous savings you receive through our low prices are worth it.

Please keep in mind as you complete this credit card authorization form that the billing information must be entered exactly as it appears on your credit card statement. Taking an extra moment to check your statement for accuracy will avoid delays in processing your order.

If the address you are requesting to have your order shipped is different than the billing address on your statement, you will need to call your bank to add the shipping address as an alternate address.
