

4 panel Digipak Template

Bleed all background images past template edges by 1/8" to the dashed line.
Please submit all artwork as layered files, do not flatten artwork to the template dielines.

4-Panel Template

The interior guideline represents the safety margin, the middle guideline represents the cut line and the exterior guideline represents the bleed line. If your design has art that goes all the way to the edges, then you'll need to extend the art to the bleed line. When setting up your art for the inside left and inside right, you'll also need to flip your art 180 degrees (upside down) before submitting it.
