

Everest 600 Printer Firmware Release Notes

Firmware Version:

0505A_2.45 – For Everest 600 printers.

Compatibility:

The Everest 600 printer firmware requires

- CD Designer Software Suite 8.1 or above.
or
- Rimage Producer Software Suite 8.1 or above.

Changes:

- Resolved an issue with the amount of retransfer film advancing during initialization.
- Resolved an issue with grayscale printing that produced a horizontal line.
