

Introducing the NEW, AV Pro series stand-alone DVD and CD duplicator towers!

AV Pro Duplicators feature simple "Load and Go" operation. Just load your discs and the tower begins automatically. When your copies are done, just load more blanks and the process will begin again, no pressing buttons at all, just "Load and Go".

AV Pro duplicator towers are a reliable, cost effective solution for DVD/CD duplication. All AV Pro Duplicators are built with quality components to quickly produce large quantities with reliable precision, copies you can trust each and every time. Available in configurations with 3,5,7, or 11 burners, there's an AV Pro tower to satisfy your production needs. Enhanced vented air circulation and multiple cooling fans dramatically increase the duplicators life allowing for long-term usage and improved performance.

AV PRO
