TEAC's Color InkJet Disc Printer is the most advanced CD/DVD color printer ever manufactured. Whether you duplicate discs for audio, music, software, video, or data storage, it delivers all the performance you need for high-volume, high-quality disc printing that is extremely affordable. The Color InkJet Disc Printer is your best CD/DVD printing solution!

For the most remarkable print quality, speed and performance, look to the Color InkJet Disc Printer. With incredible 4800 dpi print resolution - the best in the world - all of your discs will have the sharpest text, graphics and photos. Colors are bright, vibrant and truly professional photo-quality, creating a positive, lasting impression.

TEAC's Color InkJet Disc Printer is one of the most intelligent printers on the market today. Not only will it tell you approximately how many discs it will be able to print based on the image you have created, but also knows the differences of the cartridges loaded to maximize your print quality! Now that's smart!
